

PRODUCT DATA SHEET

Sarnafil® T Prep

SEAM PREPARATION AND CLEANER FOR SARNAFIL® T AND SIKAPLAN® T

DESCRIPTION

Mixture of organic solvents.
Suitable for use in hot and tropical climatic conditions.

USES

Sarnafil® T Prep is used to prepare seams of Sarnafil® TG and TS and Sikaplan® TM and TB in order to ensure optimum seam quality.
Sarnafil® T Prep is also suitable as general purpose cleaner to remove light dirt or bitumen residue from Sarnafil® TG and TS and Sikaplan® TM and TB.

CHARACTERISTICS / ADVANTAGES

- Ensures optimum seam quality
- Dissolves surface dirt
- Evaporates quickly
- Highly flammable

PRODUCT INFORMATION

Composition	Mixture of organic solvents
Packaging	Container: 5 L and 10 L
Appearance / Colour	Yellow
Shelf life	24 months from date of production if stored properly in original, unopened and undamaged sealed canister. Expiry date on canister.
Storage conditions	Store in dry conditions at temperatures between 0 °C and +30 °C
Density	~0.87 kg/l (+20 °C)
Volatile organic compound (VOC) content	~99.67 %
Consistency	Liquid
Ambient Air Temperature	Min. -20 °C
Substrate Temperature	Min. -30 °C

APPLICATION INSTRUCTIONS

APPLICATION

Application Guideline:

Based on the valid installation instructions of the relevant roof waterproofing membrane.

Application Method:

Prepare seam areas using a white clean cloth soaked with Sarnafil® T Prep. Allow Sarnafil® T Prep to evaporate completely before welding. During seam preparation or cleaning the cloths should be changed frequently to avoid the spreading of dirt. White cloths will effectively absorb dirt and the colour will not stain the membrane.

IMPORTANT CONSIDERATIONS

Avoid contact to materials that are not resistant to solvents. White cloths will effectively absorb dirt and the colour will not stain the membrane.

BASIS OF PRODUCT DATA

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
